# WHITE WATER ADVENTURE THAT'S SPLASHTASTIC

Dash to the base of the spectacular Huka Falls onboard a twin engined V6 jet boat. Play in the tail of the mighty Huka Falls and slide past cliffs and trees at an amazing 80km/hr. Then get ready for Hukafalls Jet's trademark 360 degree spins, leaving you with a beaming smile and heart pumping with adrenalin. We'll then transfer you so you can continue your white water adventure by paddling and splashing your way along the Tongariro River, enjoying a rafting experience that combines the heart-pumping action of more than 60 rapids with sufficient lower grade water that enables the splendid scenery and ample wildlife to be enjoyed. Total trip time: 7hrs (approx)
